Hello all,

```
I recently met with my supervisor to discuss workload for the coming fiscal year. NOAA is highly involved in assessing the Deepwater Horizon oil spill, and I anticipate that my time will be heavily occupied by this incident next FY, as it has been since early May. I do not want to hold up this project due to my situation, as I expect that this site will move forward towards a remedial decision. I have appreciated the opportunity to work on this site, and wish you all the best. Please continue to coordinate with the natural resource trustees through Tommy Mobley of TGLO.
Jessica

     That is correct - Jessica (and NOAA) will no longer be involved with
      Gulfco site; I expect that she will send out an email confirming this
     shortly.

    Hi Gary ?
      Per the e-mail below, Jessica White of NOAA has asked to be removed
    from
      the Gulfco report distribution list. She indicated that no one would
    be
      replacing her on the list. Please let me know if you have any
    questions
      or comments.
     Thanks.
